

|FNAME|,

We currently have a **razor thin pro-family majority** in Arizona's legislature.

In the Arizona House, it's 31-29. In the Arizona Senate, it's 15-15.

As it stands, it is getting much more difficult to advocate for family issues of life, parent's rights, educational freedom, and religious freedom. *If we lose it entirely, it will get so much worse.*

We could see immediate and major rollbacks of hard-fought pro-life protections, school choice options, parent's rights, and first amendment freedoms. **Unless we act now.**

GIVE NOW – Elect a pro-family majority

If we can keep all current pro-family seats – and gain a few, we will be able to not just stop bad bills, but pass important pro-active legislation expanding pro-life laws, opening school choice options to more families, protecting women's sports, and standing up for rights of speech and conscience.

Center for Arizona Policy Action (CAP Action) exists to educate Arizona citizens on civic engagement and issues affecting them. In election years, our advocacy includes informing voters on where candidates stand on those key issues. *But our work relies on the partnership of concerned Arizonans like you.*

[We have already started contacting voters about pro-family candidates in Arizona – check out our 2020 Primary Endorsements.](#)

Give today to help us educate more voters and elect a pro-family majority in November.

For families,

Cathi Herrod
